

Sertoma's Mission

Sertoma's mission is to improve the quality of life today for those at risk or impacted by hearing loss through education and support. We accomplish our mission through our programs: **SAFE**Ears!®, *A Sound Investment*, Adopt-An-Agency, **CELEBRATE SOUND**®, Scholarships and Grants which are supported by the Annual Fund.

Together, Sertoma and its Affiliates spread the hearing health mission. Sertoma named speech and hearing as its national sponsorship in 1963. The Adopt-An-Agency program was established in 1977 as a way for Sertoma clubs to foster relationships with existing speech and hearing facilities. Today, Sertomans and their Affiliate organizations continue to work to help others who have hearing loss and educate individuals about hearing health.

The hearing health community needs allies and advocates, educators and healers. Sertoma communities share the common belief that attention paid to hearing health adds quality to lives and communities. Sertoma communities come together to make healthy hearing common in our everyday lives.

Sertoma's passion is to raise awareness of our cause, educate those willing to understand, and support those who need our support. When a person enters the communication disorders field it is with a life-long commitment to education and self-development.

Sertoma receives numerous requests for financial support for continuing education from its growing Affiliate network. In response, Sertoma is pleased to provide the Professional Education Grant as part of the Adopt-An-Agency Program.

Sertoma's goal in providing these grants is to encourage Affiliates with Audiologists/Speech Pathologists on staff to obtain additional training and professional development opportunities that will provide continuing education through:

- Master new job skills
- Reinforce current techniques
- Promote the addition of new programs
- Uncover new information about communicative disorders
